

## Analytics - Software Development – Mobile

**20twenty Strategic Consulting, Inc.** provides custom software development, implementation services, analytics, mobile and medical registry solutions to the government, not-for-profit and commercial organizations. 20twenty builds Web, database, analytics and mobile solutions to solve complex problems and often augment the client’s resources.

As a women-owned small business (WOSB) with SBA 8(m) certification, 20twenty is committed to excellence, creating innovative solutions and defined value for its clients.

What sets 20twenty apart from the competition?

- Experience leading complex implementations,
- Implementation & development methodology,
- Specialization developing medical registries and analytics solutions, and,
- Better than market rates.

### **Core Capabilities:**

20twenty’s technology experts and business professionals analyze, research, design and implement solutions in the areas of:

- Custom Web-based database solutions,
- Mobile applications,
- HIPPA Compliant medical registries, and,
- Business Intelligence & analytics solutions.

### **Custom Web-based Database Solutions**

20twenty builds custom database solutions on development platforms such as Microsoft (SQL Server and ASP.NET), Java & LAMP (Linux, Apache, MySQL & PHP). 20twenty has designed, developed and implemented the following diverse solutions:

- Situational awareness management and dashboard solution,
- Alloy database solution and XML Application Programming Interface (API), and

- On-line registration, certification and membership e-commerce systems.

### **Mobile Applications**

20twenty has developed mobile applications for the Android, Apple, Windows and Blackberry operating system. Example solutions include:

- Situational awareness alerting solution,
- Insurance provider solution,
- Secure alert solution, and,
- E-commerce solution.

### **Medical Registries**

Through its work with several leading not-for-profits, 20twenty has developed an expertise building HIPPA compliant Web-based medical registries for use by the client, hospitals & doctors. 20twenty develops the solution to the client’s exact specification but draws on business practices from years of experience.

### **Business Intelligence & Analytics Solutions**

20twenty is a reseller and implements a Software-as-a-Service (SaaS) Analytics platform called DataRPM, which is specifically tailored to enable rapid deployment of business intelligence solutions including dashboards, reports and data mash-ups. DataRPM’s revolutionary solution indexes any data from corporate databases and third party systems, without requiring a data warehouse, cubes or OLAP models.
